Title: Venture Cup 2022

Creator: Swinburne Innovation Precinct

Year: 2022

### **Abhay (Abs) Seth**

Good evening and welcome all celebrate the Pitch Night with the Venture Cup finalists.

### **Mohsen Kafei**

The Venture Cup is a great opportunity for me to share my idea.

### **Aimee Stanton**

Congratulations to everyone who has entered.

### **Abhay (Abs) Seth**

Entrepreneur is coming through the Innovation Precinct asking for next steps or wanting to know what to do with this idea that they have.

### **Bianca-jaye Mazzuchelli**

I came into this not knowing much about business at all, however coming into the Venture Cup I've learned financial side, I've learned how to speak clearer, I've learned how to tell a story when I'm public speaking.

### **Nancy Collins**

I think this is a fantastic opportunity for budding entrepreneurs to get some feedback really constructive meaningful way that helps them along their innovation journey.

### **Meriem Boukhaima**

I took this opportunity of the Venture Cup to present to all the people and get that network that connection and that's been really valuable all the coaching that's been given was really good.

### **Kanchana Wickremasinghe**

It gives them an opportunity to look at real world problems and figure out how they can actually solve it.

### **Abhay (Abs) Seth**

The Venture Cup is all about getting those ideas filtered in and giving them a stage where they can share that idea into a pitch format for the rest of the world.

### **Claire Spring**

By being surrounded by like-minded people, it really gives you the drive to keep going and knowing that you've got a good idea and you can actually turn it into something, because getting a startup off the ground is probably one of the hardest things that I've ever done.

### **Dr Werner van der Merwe**

These nights are an exemplar of the entrepreneurial spirit that pervades all of Swinburne and I'm the biggest fan of the Venture Cup.

### **Aimee Stanton**

I just want to give a massive shout out to every single finalist, all the judges everyone who started this. It's just so good to see people getting out there giving a crack and Swinburne just putting the time and effort and money into events like these because they just truly are going to change these kids' lives.
