FINAL x FINAL: Ep 4

I'M DRUNK ON CHOICE: HOW DO I DECIDE ON THE RIGHT COURSE?

TANYA: I'm drunk on choice... I can tell you that like when I was in year 12 I had absolutely no idea what I wanted to do.

SARAH: So you sort of don't really know if you pick the right course I guess, until you get into it, get knee deep into doing some work.

TANYA: I... looked at the subjects I did in year 12 and I went, which one do I feel most relaxed in like, like which one makes me kind of happy, I didn't really know, but I knew that when I did my VisCom homework, it was kind of calming for me.

SARAH: If it aligns to what you are interested in, and you enjoy doing, I feel like that means you've picked the right course, and if you don't know what you enjoy doing yet, then uni is the perfect place to sort of experiment that and work out what you kind of like doing.

TANYA: The great thing is with uni you don't have to stick to the one course that you pick you can just change it don't feel too stressed about picking the right course plenty of people I know have gone through two to three different courses to figure it out.

SARAH: There's always options to change if you change your mind, the uni will help you get to where you want to go.
