

Course Guide

_2026

VICTORIAN HYDROGEN HUB

We're building on our strengths in design, digitalisation and Industry 4.0 to push the boundaries of what hydrogen can deliver – ensuring a more sustainable future.

FACTORY OF THE FUTURE

Here, collaborative robots, advanced simulation tools, 3D printers and high-precision scanners assist in modernising, innovating, optimising and prototyping.

PROTOLAB

This digital fabrication facility is frequently used for industry collaboration. Home to industrial robots, 3D printers, laser cutters and more, it's also where students from architecture and design go to create their prototypes.

YOUR NEXT GEN CAMPUS

At Swinburne, you'll learn in an environment that's as dynamic and agile as the career you'll create. Our facilities are custom-built for innovation, so you can explore the tech and the techniques of tomorrow, today.

learn more

SPACE TECHNOLOGY AND INDUSTRY INSTITUTE

We combine deep knowledge in astrophysics, aerospace, aviation, advanced manufacturing and AI to help power this fast-emerging industry.

SMART STRUCTURES LABORATORY

This \$15M lab is the only one of its kind in Australia. It can simulate earthquakes and help develop innovative, stronger and more sustainable materials.

DIGITAL ANATOMY LAB

Explore the human body with life-size interactive screens, and use the latest virtual reality, augmented reality and 3D modelling technology to take a closer look at life.

DESIGN FACTORY MELBOURNE

Part of a network of global innovation labs, here is where students from all disciplines collaborate to solve real-world problems.

FROM MELBOURNE TO ANYWHERE

Your learning doesn't stop on campus. Gain a big-picture perspective, build your confidence and immerse yourself in new ways of living with a study abroad experience. Our travel scholarships can help with the financials.

learn more

The big warm hug of uni life

From finding your people to getting one-on-one study advice, Swinburne has a support service or specialist to get you through.

Feeling confident

We're here to empower you to feel confident through all aspects of uni life.

AccessAbility

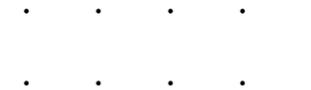

Our AccessAbility Services team can help students living with a disability, a medical or mental health condition, or carer responsibilities get the right support. Disability Transition Support is also available for students moving from secondary school to TAFE.

Learning and Academic Skills Centre

Get help with your assignments and build your study skills, with assistance for essay, report and thesis writing, researching and referencing, and study skills and exam preparation.

Mathematics and Statistics Help Centre

Fondly known as 'MASH', here's where to come for help with – you guessed it! – maths and stats. Drop in any time for one-on-one help or to access learning resources.

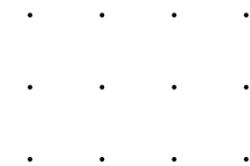

Student Success Coaches and Advisers

With Student Success Coaches for vocational students, and Student Success Advisers for higher ed students, you'll always have a [uni] life coach on hand for personalised mentoring.

Skills and Jobs Centre

Swinburne offers free careers services and support to local communities, including linking apprentices with trades employers in the outer east.

Figuring it out

School to uni can be a big leap. We'll help you get settled and set up for success.

Student Essentials Program

Co-created with students, this two-day program covers all the must-know info for anyone starting a bachelor degree at our Hawthorn campus.

Pre-Orientation Program

In this self-directed online program, you'll get insider intel on how to hit the ground running. Find it in the Pre-Orientation Hub on Canvas (your student learning portal).

Orientation

Meet new friends, explore campus, attend an info session, and join a club or two... or three. Orientation is your ultimate intro to uni life, in the last week of February.

Moondani Toombadool Centre

Wominjeka! Our Indigenous Student Services team can assist with cultural, academic and wellbeing support, access to the Indigenous Student Lounge and more. Come have a yarn.

The exterior of the Moondani Toombadool Centre building on Swinburne's Hawthorn campus featuring a mural by artist Mandi Barton

Finding community

Get involved, give back and make forever friendships along the way.

The Junction

Five zones. Two levels. One dedicated space for connecting and creating. Featuring charging stations, dedicated spaces for LGBTQIA+ and female students, esports and co-working spaces.

Swinburne Student Association

You've come to the right place for clubs and sports, free swims at the Hawthorn Aquatic and Leisure Centre, leadership opportunities, legal or financial advice, discounts, events and more!

Real industry experience. Guaranteed.

At Swinburne, we guarantee you'll get real industry experience in all our bachelor degrees as part of our Work Integrated Learning program. It's immersive, exploratory, innovative and practical, and it starts on day one.

For more than 60 years we've been collaborating with industry partners, such as Bosch, the Department of Defence, WTFN Entertainment and more. All so you graduate as the confident, next-gen talent employers are looking for.

Brella Creative

Bachelor of Media and Communication

How to prevent young people from vaping? Student team Brella Creative was presented this brief by Swinburne industry partners Bastion Creative.

In response, they designed winning ad campaign 'Why I Won't', illustrating the effects of vaping, and scored a six-week internship and mentoring at Bastion.

Work Integrated Learning Opportunities

Get the ultimate degree with a paid (yes, paid) 12-month, full-time placement opportunity. Available in Business, Computer Science, Engineering, Health Science, Media and Communication, and Science. It's CV gold.

Upgrade your standard degree (and your employability and confidence) by adding in a 6- or 12-month full-time paid placement within a professional organisation.

Connect your studies with professional practice. Steer your career in the right direction with a part-time, project-based internship over a semester or as an intensive block during a summer term.

Experience embedded in your degree. Work with clients, learn how to respond to industry briefs, develop proposals or prototypes and get experience using real-world tools and methods from your field of study.

In some study areas, work placements are a built-in requirement of your degree, providing you with vital hands-on experience in your chosen discipline and leading to formal accreditation in a professional area. Here's a quick breakdown:

Study Area	Duration
Education	80 days
Engineering	12 weeks (minimum)
Law	3 x 20-day experiences
Nursing	800 hours (minimum)
Exercise & Sports Science	140 hours in Year 3

Did you know?

Getting a Professional Placement or Professional Internship is competitive (like the real world) – meaning you'll need to create a CV, cover letter and participate in an interview as part of the selection process. Stress not, we have a team to guide you the whole way through.

Kieran

Bachelor of Design (Industrial Design) (Honours)

After reaping the benefits of two career-kickstarting professional experiences, Kieran secured a job with a tight-knit furniture design business.

"If you can come out of university with six months of industry experience, or just some time working in a professional setting – that can really put you above a lot of other people."

Tom

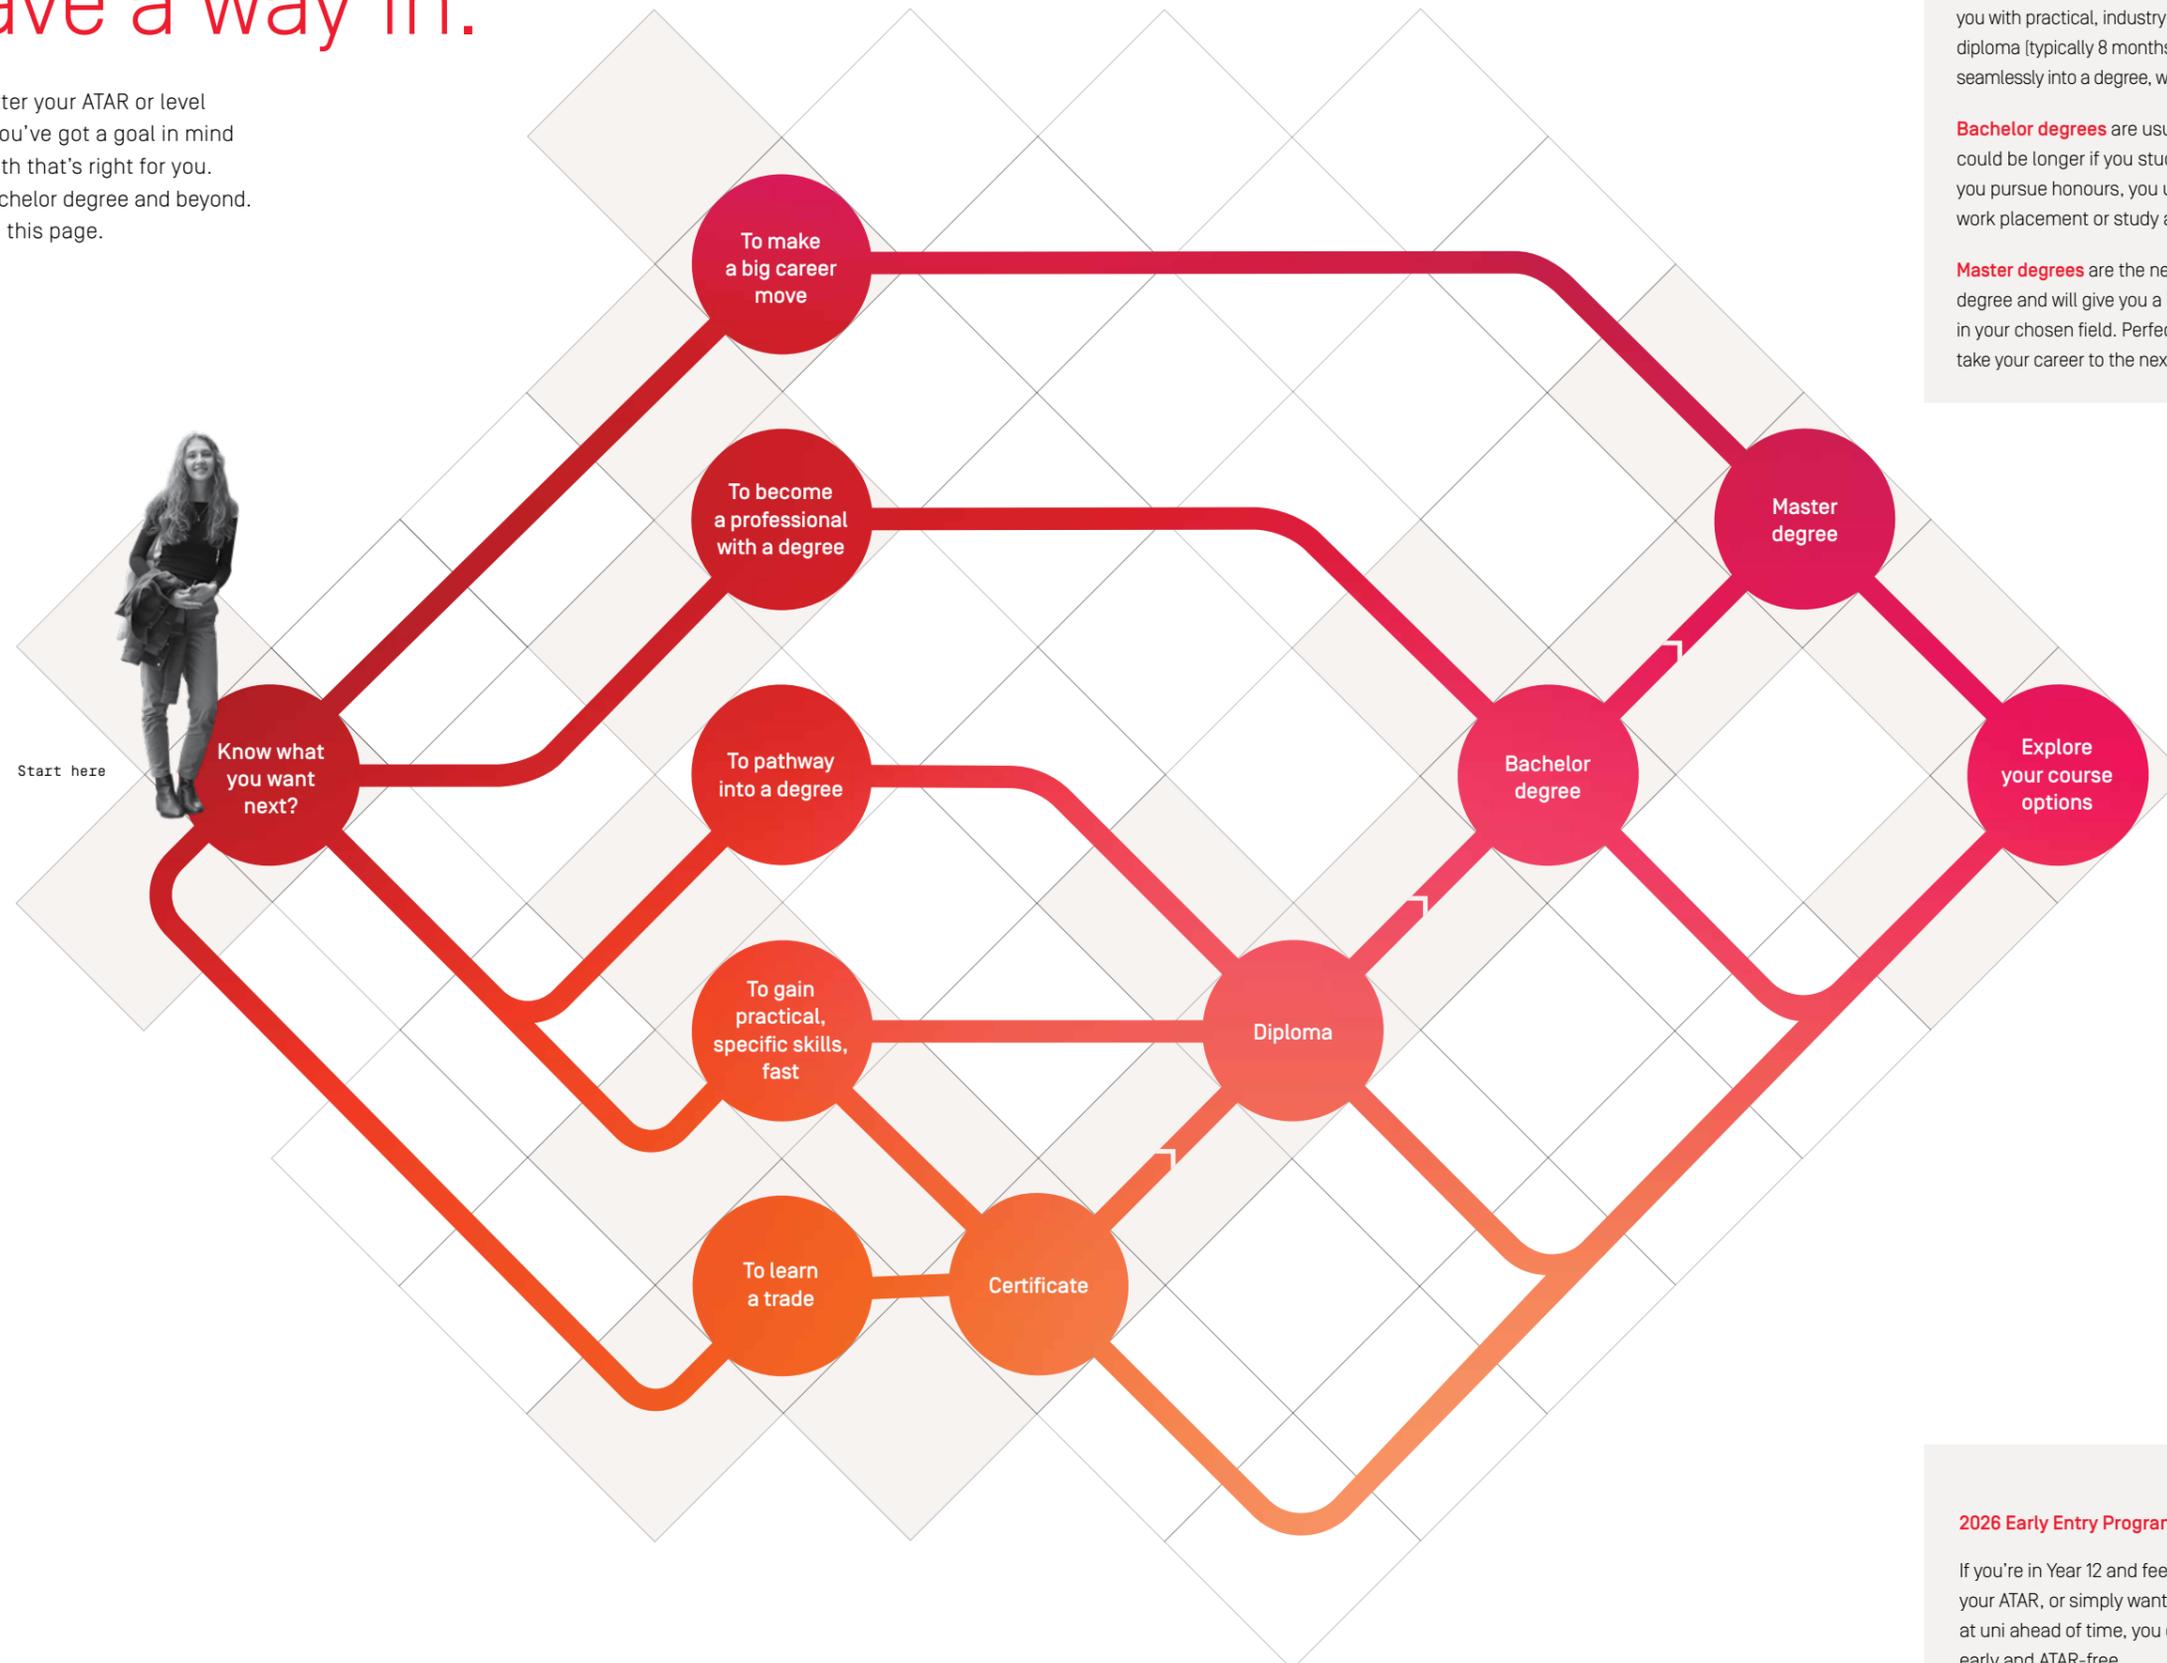

Bachelor of Engineering

From student, to intern, to engineer, Tom's transition into the motorsport industry has been a winning streak. Tom led Team Swinburne to build and race a Formula SAE car, landed an internship with Walkinshaw Andretti United and then secured a full-time engineering role at Erebus Motorsport – all before graduation.

Got a goal? We have a way in.

At Swinburne, no matter your ATAR or level of previous study, if you've got a goal in mind we can help find a path that's right for you. From certificate to bachelor degree and beyond. Chart your journey on this page.

learn more

Certificates can be anywhere between 10 weeks and 3+ years long. Certificates I and II teach you basic skills to get you working, fast. Certificates III and IV go deeper for apprenticeships, traineeships and more.

Diplomas range from 6 weeks to 2 years, and arm you with practical, industry-focused skills. A UniLink diploma (typically 8 months) can help you pathway seamlessly into a degree, without adding time or cost.

Bachelor degrees are usually 3 years long, but could be longer if you study law or education, you pursue honours, you undertake a year-long work placement or study a double degree.

Master degrees are the next step after a bachelor degree and will give you a high level of knowledge in your chosen field. Perfect for when you want to take your career to the next level.

Higher Education | Degrees

Bachelor of Science (Professional) 4 years FT / 7 years PT Hawthorn Guaranteed ATAR 75 VTAC [learn more](#)

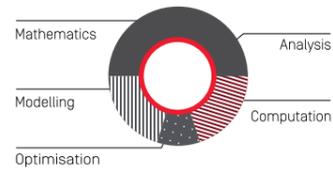

Bachelor of Science 3 years FT / 6 years PT Hawthorn Guaranteed ATAR 65 VTAC or Direct

Experiential learning meets interdisciplinary skills and real industry experience in this degree, where placements, internships and industry-linked projects put you at the science frontline. Choose from a broad range of majors taught by leading minds in research and industry, then practically apply your knowledge in world-class, industry-standard facilities.

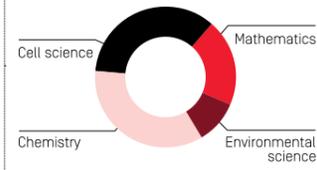

The professional degree extends the standard degree to include a professional placement co-major comprising a 12-month work placement. Visit our website for more.

Prerequisites Bachelor of Science (Professional) Units 3 and 4: a study score of at least 25 in English other than EAL or at least 30 in English (EAL); and Units 3 and 4: a study score of at least 20 in any Mathematics. Bachelor of Science Units 3 and 4: a study score of at least 20 in English other than EAL or at least 25 in English (EAL); and Units 3 and 4: a study score of at least 20 in any Mathematics.

Trades and Apprenticeships

Take charge of your future with our hands-on apprenticeships and pre-apprenticeships.

Learn and earn your way towards a nationally recognised qualification across a variety of trades.

Career opportunities

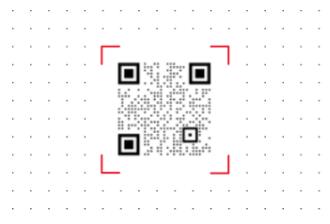

- Bricklayer
- Builder
- Carpenter
- Electrician
- Plumber

Learn industry-standard building simulation and modelling techniques

Our students are regularly recognised with prestigious industry awards, including Apprentice of The Year

Scan for more info about our Trades and Apprenticeships.

Aimee

Certificate III in Plumbing

From beauty therapy to plumbing. Aimee changed direction and discovered her passion. "Having a trade under your belt opens so many doors," says Aimee.

Since graduating, she's become a TAFE Victoria ambassador and even co-founded Tiny Stays, idyllic off-grid accommodation in the heart of the Yarra Valley.

Scan to learn more about Aimee's journey

Trades and Apprenticeships

Title	Duration	Campus	Apply	Entry requirements
Building and construction				
Certificate II in Building and Construction (Pre-apprenticeship) [22614VIC] – Bricklaying	12 weeks FT	Wantirna	Direct	Satisfactory completion of Victorian Year 10 or equivalent, or relevant work experience.
Certificate II in Building and Construction (Pre-apprenticeship) [22614VIC] – Carpentry		Croydon		
Certificate III in Bricklaying and Blocklaying (Apprenticeship) [CPC33020]	3 years PT	Wantirna	Direct	Satisfactory completion of Victorian Year 12 or equivalent, or Certificate II in Building and Construction Pre-apprenticeship.
Certificate III in Carpentry (Apprenticeship) [CPC30220]		Croydon		
Certificate IV in Building and Construction [CPC40120]	6 months PT	Croydon		Successful completion of a Certificate III in Bricklaying and Blocklaying, or Carpentry.
Electrical				
Certificate II in Electrotechnology (Career Start) [UEE22020]	10 weeks FT	Croydon/Wantirna	Direct	At least 15 years of age and have appropriate numeracy and literacy skills.
Certificate III in Electrotechnology Electrician (Apprenticeship) [UEE30820]	3 years PT	Wantirna		At least 17 years of age and apprenticed to an employer.
Engineering				
Certificate III in Engineering – Fabrication Trade (Apprenticeship) [MEM30319]	3 years PT	Wantirna	Direct	At least 15 years of age and apprenticed to an employer.
Certificate III in Engineering – Mechanical Trade (Apprenticeship) [MEM30219]				
Plumbing				
Certificate II in Plumbing (Pre-apprenticeship) [22569VIC]	10 weeks FT	Croydon	Direct	At least 15 years of age and have appropriate numeracy and literacy skills.
Certificate III in Plumbing (Apprenticeship) [CPC32420]	4 years PT			At least 15 years of age and apprenticed to an employer.

How to apply

VTAC applications

If you're a Year 12 student or you're applying for multiple courses that are listed in VTAC, you'll need to apply through VTAC.

learn more

Direct applications

You can apply direct to Swinburne if:

1. You're not a current Year 12 student.
2. You're looking to do an apprenticeship or traineeship

learn more

International students

International students (including Temporary or Provisional Residents and holders of Temporary Protection Visas) applying to study at a Swinburne campus in Australia should contact us directly.

Financial matters

Degrees, associate degrees and UniLink diplomas

If you're an Australian local student when you commence study, the Australian government contributes to the cost of your course. This is called a Commonwealth supported place (CSP). You'll also contribute towards the cost of your tuition. The amount you pay depends on what units you study and the payment method you choose.

learn more

HECS-HELP

You may defer your student contribution by taking out a HECS-HELP loan. HECS-HELP is available to eligible students enrolled in a CSP. This loan can cover all or part of the student contribution amount.

learn more

Other expenses

All degree, diploma and advanced diploma students pay a Student Services and Amenities Fee (SSAF). In 2025, the maximum fee is \$365 for a full-time student (subject to change). This fee contributes to funding student services such as childcare, counselling, legal and health services, and sport and recreation. Bachelor degree students who are unable to pay the fee up-front can defer all or part of the fee through an element of the Higher Education Loan Payment, known as SA-HELP.

Certificates, diplomas and advanced diplomas

Your fees are made up of tuition, plus materials and ancillary fees (such as costs associated with field trips), if relevant. Government subsidised places are available to students who meet eligibility requirements such as age, citizenship or residency and prior qualifications.

Look out for VET Student Loans, Skills First, Free TAFE Courses and a range of other concessions and financial assistance.

learn more

Scholarships

Swinburne gives commencing and current students access to scholarships recognising community service, financial hardship or the need to relocate from regional areas.

learn more

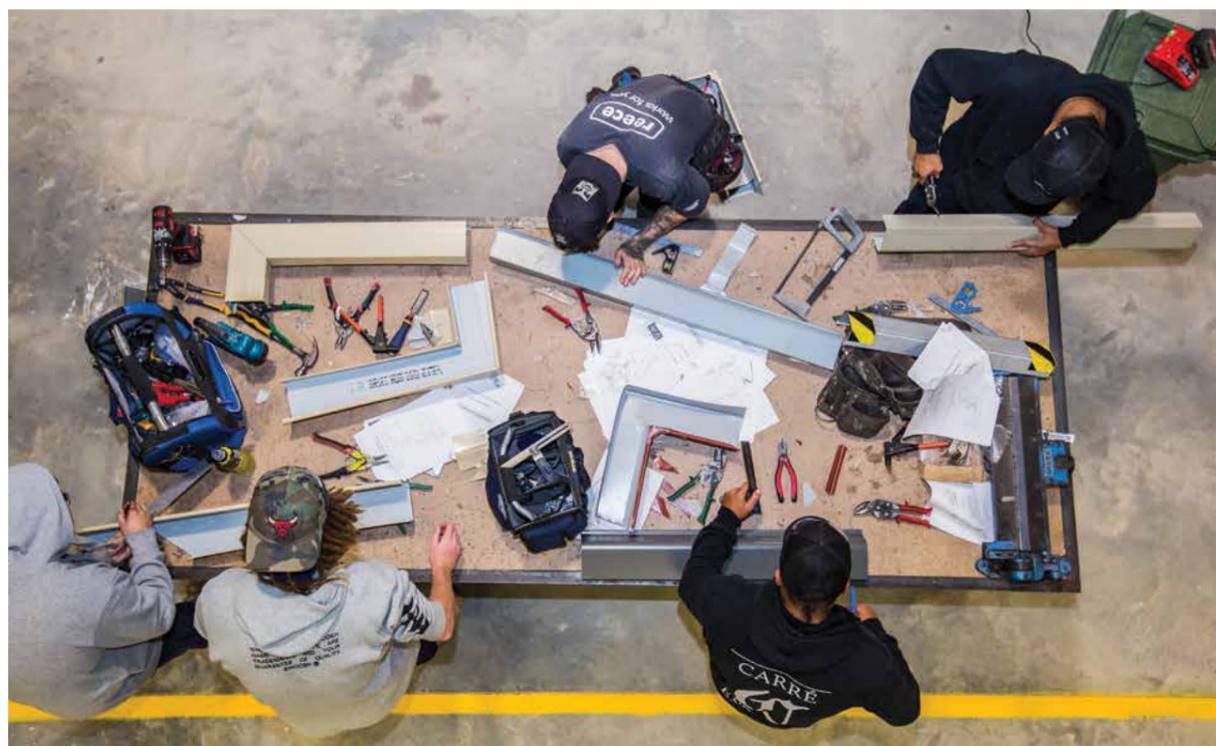

Vice-Chancellor's Excellence Scholarship

If you achieve an ATAR of 95 or higher and receive an offer from us, congratulations! You'll be eligible for this scholarship.

You will receive:

- \$5000 per annum for the normal duration of your chosen degree
- a one-off payment of \$2000 for an international study experience
- a guaranteed place in Swinburne's student accommodation if you live more than 80km from the Hawthorn campus (subject to academic performance and other scholarship conditions)*
- the opportunity to join our Student Ambassador Program.

*Please note, you will need to apply for accommodation by the required deadline.

Pathways

Start with a diploma and move into a degree [earning academic credit as you go!] with our official pathway options.

Bachelor of Games and Interactivity/Bachelor of Animation	Develop a mindset of innovation by adding Victoria's first Bachelor of Applied Innovation onto one of our popular degrees to make it a double. Take part in hackathons, industry projects and innovation sprints. Graduate with the skills to drive positive change.
Bachelor of Games and Interactivity/Bachelor of Applied Innovation	
Bachelor of Games and Interactivity/Bachelor of Computer Science	
Don't see your double degree?	Check carefully! The course listed first is usually the one with the higher entry requirement, so check the other course you would like to do.

Glossary

Word	Definition	Example
Unit	A subject within a course. Units are assigned credit points, some are worth 12.5 credit points, and some are worth 25.	<i>'I am a full-time student, so I'm studying 4 units this semester.'</i>
Credit points	Used to measure study load, course progress and completion.	<i>'This unit in my business degree is worth 25 credit points. It's an industry-linked project and carries more weight.'</i>
Major	The primary area of study, it usually totals 100 credit points.	<i>I am studying a Bachelor of Business, majoring in Entrepreneurship and Innovation.'</i>
Minor	A secondary area of interest, it usually totals 50 credit points.	<i>'I am studying a Bachelor of Business, majoring in Entrepreneurship and Innovation with a minor in Finance.'</i>
Elective	A unit that can be chosen in an area unrelated to your main area of study.	<i>'I am studying a Bachelor of Business, majoring in Entrepreneurship and Innovation, with a minor in Finance and electives in Organisation Behaviour and Managing Workplace Relations.'</i>
Semester	The academic year is divided into two: semester one, January to June; semester two, July to December.	<i>'I will be going on the Business Innovation in Europe Study Tour in the second semester of 2025.'</i>
Professional placement	An opportunity to apply the theory and skills learned during a course in a professional workplace. Some courses have these built in, other courses allow students to 'opt in'. The work is paid anywhere between minimum wage and below a graduate entry salary.	<i>'I'm thinking of doing a professional placement to add a year of industry experience to my degree.'</i>
Work Integrated Learning	Opportunities that include Professional Degrees, placements, internships, industry-linked projects and accreditation placements.	<i>'There are so many Work Integrated Learning opportunities. I'm trying to decide between an internship or a placement.'</i>
Prerequisite	A mandatory minimum requirement for course entry.	<i>'I'm going to double check the prerequisites for the Bachelor of Business.'</i>
ATAR	Australian Tertiary Admission Rank. This is not a mark, but rather indicates a student's position relative to all the students in their age group.	<i>'I'm hoping I get an ATAR that will let me get into my dream course.'</i>
Pathway	A course that can lead on to another course, often the 'dream course.' Some pathways offer 'credit' for units that are similar / the same.	<i>'It looks like there's an option to pathway from a Diploma of Information Technology to a Bachelor of Computer Science.'</i>
Bachelor degree / degree / undergraduate degree / undergrad	A post-secondary-school qualification that is awarded by a university.	<ul style="list-style-type: none"> <i>'I'm studying my undergrad in business.'</i> <i>'I'm studying a bachelor degree in business.'</i> <i>'I'm studying undergraduate degree in business.'</i>
Language Literacy Numeracy test / LLN	An assessment which covers foundational language, literacy and numeracy skills. A key step in enrolling for a government-subsidised place and applying for a VET Student Loan (including full fee-paying places and government-subsidised places in eligible courses).	<i>'Your LLN result will be used to help us determine your educational support needs and determine your eligibility for VET Student Loans.'</i>

Open Day

27 July 2025
