Aviation career opportunities

Airline Operations	Maintenance Management	Air Cargo Services	Airport Operations
Flight Dispatch	Aerospace Technology	Unmanned Aerial Systems	Aviation Marketing
Aviation Finances	Hospitality and Tourism	Pilot	Research and Development

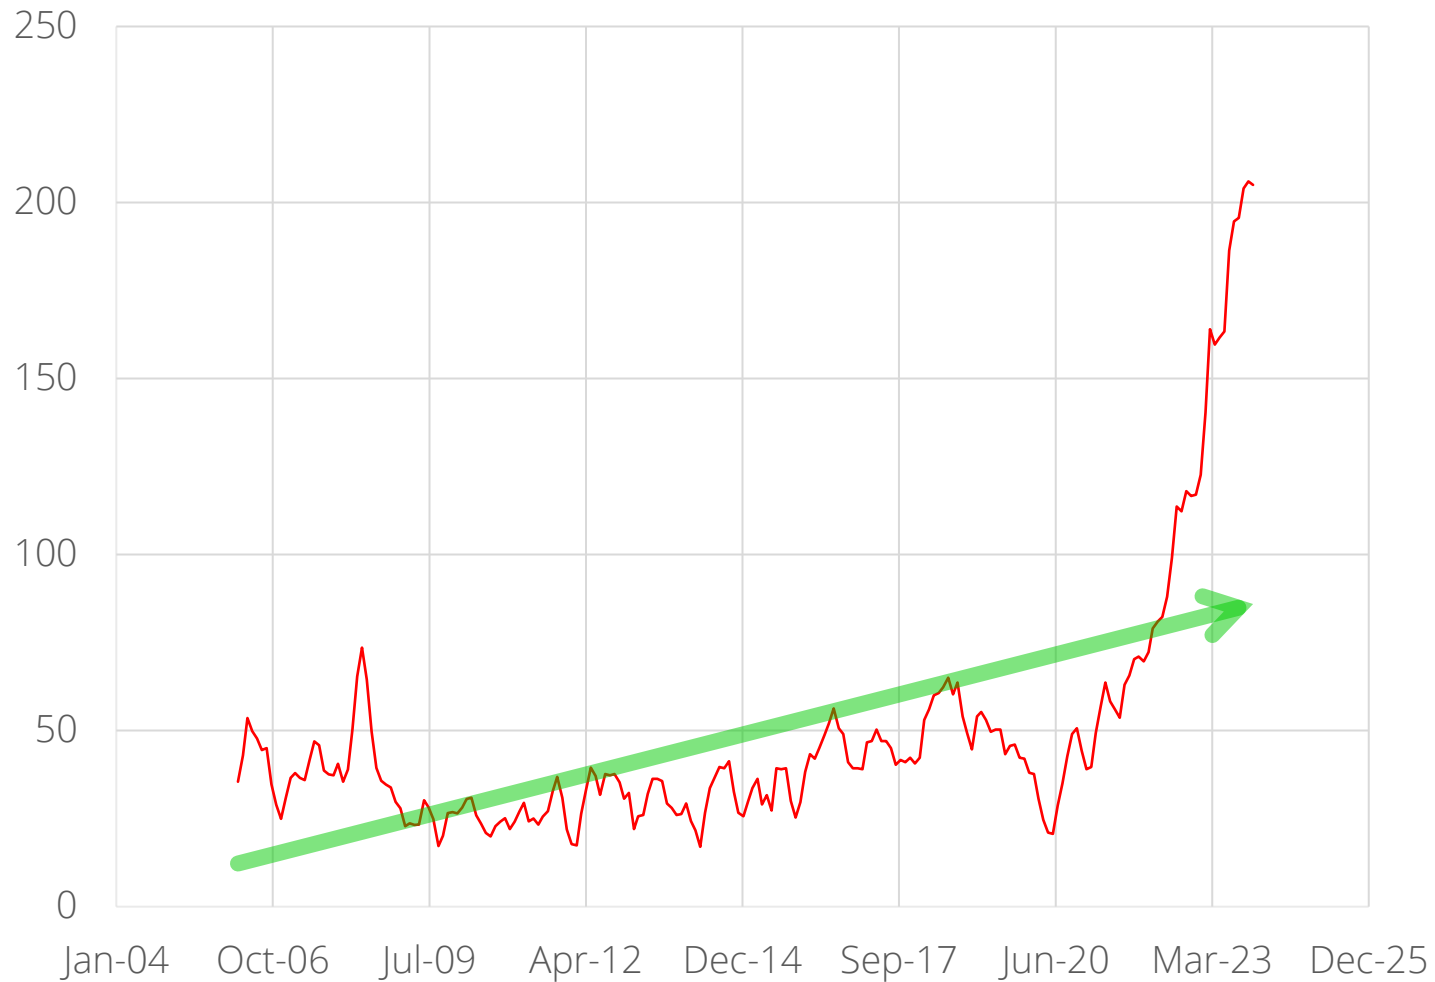

Real Industry Experience. **Guaranteed.**

- Every student, for all Swinburne undergraduate courses, at all stages, will experience Work Integrated Learning (WIL), including an industry placement, internship or industry-linked project as a core component.
- Authentic real-world learning experiences supported by educational and/or industry facilitators.
- WIL activities – codesigned with industry partners.
- Real engagement for students with industry partners (including industry, business, government and community organisations).
- Prepare students for their future careers.

Air Transport Professionals (Jobs Vacancy)

AIR TRANSPORT PROFESSIONALS fly and navigate aircraft, control and direct air traffic to ensure the safe and efficient operation of aircraft in flight and on the ground and instruct students in flying aircraft.
